This Spring AND Summer!

COLLEGE STARTER VIRTUAL ACADEMY 2027

Start Your College Applications Before Senior Year Starts

Current juniors **(Class of 2028)** can begin applying to colleges on August 1—don't wait until fall to get started. CS Virtual Academy provides structured, expert guidance to help students get ahead before summer ends. Now in its 8th year, the program includes smart AI support—used the right way—so students can build stronger, more authentic applications with confidence.

Our five-evening virtual academy is a live, online, instructor-led program for current juniors. In just five sessions, students will:

- Understand the entire admissions and application process.
- Complete key sections of the Common Application.
- Write, draft, and refine a standout personal statement essay – including two (2) expert edits.
- Build and complete a killer Extracurricular Activities Profile.
- Complete a balanced college list.
- Gain confidence and momentum heading into senior year.

Dates coming soon

Programs can be customized for your school.

Spots are limited. Start your applications before senior year begins.
